PRESENCE BUILDER

Listing Sync

Establish a presence on 40+ listing sites

Effortlessly create and update business listings on reputable sources like Bing Maps, Instagram and Here.

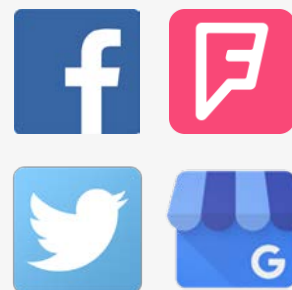

Protect listings from unwanted changes by third parties

Online influencers can change listing info without warning. Listing Sync re-establishes accurate data if anything changes.

Sync to Facebook, Google My Business, Twitter and Foursquare for free

Instantaneously update location info on these four powerhouses free of charge.

Save time—loads of time

Update your business listings in a secure manner, without being forced to log in to each site.

Your listings need to be accurate and consistent!
